"For Your Unpleasure"

Visit "[For Your Unpleasure](#)" on MotoLyrics.com

I am so deeply rooted
Inside your heart
I am your strength and your will
Artificial paradises
Won't help you
Escaping from my empire

Anything you can do
To runaway from me
Anywhere you can go
I'll follow you...

So I
Come for your unpleasure
Can't avoid me, I'm in your nerves
I'm running through your veins
Oh my sweet failure
You can't escape
For your unpleasure
I am the last one by your side
Yeah I control you my dear
All you do is in vain

Take a look around
You'll see you're alone
Left behind by the ones you trusted
I will remain with you
I remain inside
I led you to the gutter
