Hey, mister Moonshine shines too
Wanna figure out what I'm gonna do
First I'm gonna watch the stars, they are all around me
Tell me where you are

Hey, this is what I'll do, draw you in the sky, turning into
you
I'm gonna go the way, I saw the other day, I'm sure that
I had been there
It wasn't all that great

Maybe I don't wanna go, I don't wanna know
You made me realize I'm just a star in your eyes
I don't wanna go, I don't wanna know
You made me realize I'm just a star in your eyes

Hey, mister Moonshine shines too
I don't really know what I'm gonna do
Im gonna go the way, I saw the other day, I'm sure that
I had been there
It wasn't all that great

Maybe I don't wanna go, I don't wanna know
You made me realize I'm just a star in your eyes
I don't wanna go, I don't wanna know
You made me realize I'm just a star in your eyes
In your eyes, in your eyes, in your eyes
In your eyes
