Bold, and tell them that them trap done stand cold  
Them fighting for silver and gold, yo  
Rastafari black sheep inna fold, yo

Love and that nah put away any frown  
what goes around comes forward around  
I couldn't freak couldn't frolic  
we bun the circus clown  
Chi chi man could never sit on Rastaman throne  
Char them with words fire and sound  
Pon the wicked heart we deh go dash brimstone  
If you say you love, love must already at your home  
Or else you must be and alien from not around  
The bloody man is very deceitful to his own  
Inna the red sea Pharaoh and his squad, he, them  
drown  
Pharaoh watch him pretty city going down ayy  
Who a who run the zone, hey

### CHORUS

Aznaldo, aznaldo,  
Rasta plea the ghetto youth cause  
Well then aznaldo, aznaldo, yea  
if you love and love is your reward

Then again, black people uno fi stop shed uno blood  
Live inna unity, yea come we say blessed love  
From wence I came so from then I was  
Uno lift the ghetto youth them out of the mud  
Mi foot it clean it nah want not a scrub  
Woman gone ah stream she ah fire bun the tub, oy  
Yo tell me who that you they rob  
That's why you so malicious you deh hate and you deh
