Yea man and Black people should know that it is  
slavery  
Why we are here in Jamaica the western world you

See me ah show you say yea man

It is written in the book of Britain and America  
That it was only I n I the Black Ethiopian  
That were taken out of Black Africa, you know  
Illegal yes captives, you know slave children  
And brought us down here in Jamaica

And all small islands of the British, West Indies into  
slavery  
Onto this day say the most high Selassie I Jah Rastafari  
Rastafari know

Me tell dem say ah innocent blood ah spill  
Fi the arc of the covenant Babylon ah kill

They want Rasta thrown them no got no power nor will  
They want dada crown mama pearl and jewel

I tell you say the scepter shall not depart until  
The golden globe with the simple earth fill  
This man was born here prophecy dey fulfill  
Stretch your hand to Ethiopia Mount Zion ill

You never get the win coulda never get it nil  
And ah tell yuh dis ah lick down Babylon like a power
