Ooh ooh ooOh Ooh Ooh
Aye aye aye aye aye aye
Ooh ooh ooOh aye aye aye

We had known each other for quite a long time
What else could be more important girl
than to make you mine
We surely gonna know, incline our open minds
The more we live on,
we become so loving and kind, whoa
Your love makes me so strong, whoa
I'll be with you all life long, girl
Oh your love is so real, oh oh
Let me fill you with these vibes I feel

CHORUS

Just like visions bright and clear
I can see that we gettin there, whoa oh
Just like heaven and earth I say
I'll be there for you all the way, Ooh

Though life is so filled with its ups and downs
Know we can still keep this love we have found
Been separated girl by distant grounds
Become soon consumated now by natures arms, whoa
oh
I'll show you my love is great, whoa oh yea
Know it by the things it create, whoa oh
Where ever I go I'll proclaim, whoa oh
Thy works on thee without no shame

CHORUS

Just like visions bright and clear
I can see that we gettin there, whoa oh yea
Just like heaven and earth I say
I'll be there with you all the way, yea

Our relation is worth while
You make my day my pretty girl child
Your garden of love is so fertile
Make you my own mother earth yah
Love for life and I'm for certain

take you by my place pull tha curtain
No broken heart, I'll never hurt you
Jah know girl, I really worth you

CHORUS

Just like visions bright and clear
I can see that we gettin there, whoa oh
Just like heaven and earth I say
I'll be there with you all the way, yea

We had known each other girl for quite a long time
What else could be more important girl
than to make you mine
We surely gonna know, incline our open minds
The more we live on,
we become so loving and kind, whoa
Your love makes me so strong, whoa oh
I'll be with you all life long, whoa oh yea
Oh your love is so real
Let me fill you with these vibes I feel
