Rastafari and I and I love di yutes dem
Repartriation, woi children of man

Positively clear
The people inna di world keep forgetting them past
So dem gone astray, so mi bun dem everyday
Dat dem nuh love, conspiracers a talk and never fail

Positively clear
Di people inna di world a lust fi dem top class
Think yuh are actually there
Yuh toe yuh guh buck skate inna grass

Mi an di yutes a tro one away, Melchesedek way
So if yuh see mi an di yutes dem trodding through the
earth
Wi haffi trod it King Selassie way, yeah yeah
Trodding this one away, haffi trod one away
Dem sen 50, 60, 70 pagan
Mi slew dem off in space a one day

Well you see the people inna di west
Di whole a dem gone crazy
Love fi big up dem chest yet dem dey inna slavery
Dem caan nyam nuh food without nuh money
So foolish is the man
Eat food in fruitful Zion yet him hungry

A tell yuh fi
Cleanse yuh ways, clean up yuh path
Ghetto yutes nuh badda gaze
Mi say unno fus fi staat
Babylon a seek soul an heart
Dem dun get dem peice and want our half
Dats why

Mi an di yutes a tro one away, Melchesedek way
So if yuh see mi an di yutes dem trodding through the
earth
Wi haffi trod it King Selassie way, yeah yeah
Trodding this one away, haffi trod one away
Dem sen 50, 60, 70 pagan

Mi slew dem off in space a one day

Yuh see the Prime Minister know what a galong
A dem sell out di yutes to the queen a England
Di whole a dem haffi bow when dem see mi turban
Mi drop every authority fi Babywrong
Melchisedek order never yet wrong

How mi chant mi niabinghi fi di black redemption
Unno careful a di words an di food whey yuh a nyam
From the yutes grow dem good, dats organization
So Bobo hill better pull fi organisation
Emperor Selassie is an Ethiopian
Reign in the heart and flesh from Mt Zion

Mi come fi every Israelite out a Babylon
Show mi who will step forth for repartriation
Nuh cut nuh more throat
Nuh badda kill nuh younger one

So rise an tek yuh stan, yuh better know whey fi walk
Selassie I is the almighty one, confuse not your heart
Dem sight mi turban, conspiracers a talk
Emanuel, so watch out because him a guh wrath

We haffi trod dis one away, dats the first and only way
So if yuh see mi an di yutes dem trodding thru
Dats King Alpha and Omega way

Di whole a dem only secretive
But fi wha mi nuh know
Bun dem corner an dem crevices
Wha dat, it is the show
I need to see every yutes grow
Living up, come mek wi cristen and flow
Caan plant corn an a peas yuh waan fi grow

Mi an di yutes a tro one away, Melchesedek way
So if yuh see mi an di yutes dem trodding through the
earth
Wi haffi trod it King Selassie way, yeah yeah
Trodding this one away, haffi trod one away
Dem sen 50, 60, 70 pagan
Mi slew dem off in space a one day
Haffi trod one away
