[Intro]

Most high  
Hey hey  
Rastafari he knows  
Oh yeah Jah knows  
Hey

[Verse 1]

Life is so hard at times  
Believe me youth, yes  
Put your trust in Jah  
He'll see you through  
Like the stars above  
That shine so bright  
That is how Jah love  
Makes me feel inside  
Poverty and crime  
stalks the streets yeah yeah  
Other things on mind,  
Like food to eat  
People lost their lives  
Can't you see? Oh oh  
We've got to do what's right  
So then we reach

[Chorus]

Ooh... Jah love is all we have, yeah  
Jah love is all we have  
Jah love is all we have, hear me sing  
Jah love is all we have, yeah... Ugh

[Verse 2]

Was just the way we grow  
Sufferation we fed  
Now the world should know  
To give and and take  
My true experience

The pressure we bear  
And you are not different  
So love and care, and share  
What would the people say  
About all this ? yeah yeah  
Struggle we face everyday  
They're so tired of it  
The conquering Lion break our chain  
And give us all the victory, again and again

[Chorus]

Ooh... Jah love is all we have  
Jah love is all we have  
Jah love is all we have  
Jah love is all we have

Ooo... wooo... yeah, yeah, yeah, yeah... aaah aaah  
So we got to live it up today  
Oh not to suffer to no way  
So we got to live it up today  
Oh not to suffer no way

Jah love is all we have  
Jah love is all we have  
Jah love is all we have  
Jah love is all we have
