Dem a snort and snort dem nastiness, dem haffe stop
it

A new government making an instrument of politick
Uunu haffe keep dem out of your pocket, watch it

World leaders, deceivers, making war and doing evil
World leaders, deceivers, building bomb and gun,
doing evil

World leaders, deceivers, making war among the
people

World leaders, deceivers, building bomb and gun
doing evil

Cocaine is damaging, how the children managin?
So then you try stoppin? him, addicted it has gotten
him?

What the **** is up with him, why the cops shottin?
him?

How you taggin' him, why you flatten him?

All because of system, I won?t be no victim
Cleanliness is the main thing, one blessed King and
sing

Oh, yeah and trod upon the wings of wings

So you world leaders, deceivers, making fool out of the
people

World leaders, deceivers, building bomb and
corrupting the people

World leaders, deceivers, making crack and coke and
give the people

World leaders, deceivers, building bombs and doing
their evil

You make guns to make money, then you turn it and
turn it

Now you run it, it a stun you, things turn upon you,
woah

Now I?m tellin? you to stop all this bloodshed
Now the price of the people?s on your head

Them naah want no meds, we no land in

No, no killer, no see
I and I no fed

You world leaders, deceivers, bringing coke and crack
And give the people
World leaders, deceivers, building bomb and gun and
doing evil

You world leaders, deceivers, building coke and crack
And give the people
World leaders, deceivers, building bomb and do pure
evil

Come and tell you say fe left it out budda budda
Bye, bye, wow, mount a life dem take
Skin up them teeth and talk ?bout who dem catch
Yo, who go through from who get left?

Who was before, from who next?
Who try from who else?
Who have a joy from, who get vexed?
But life and love that, ah, the best

World leaders, deceivers, bringing coke and crack and
give the people
You world leaders, deceivers, building bomb and gun
and doing evil
You world leaders, deceivers, building coke and crack
And give the people
World leaders, deceivers, making bomb and do pure
evil

Cocaine is damaging, how the children managing
So many try stoppin? him addicted it just gotten him?
What the **** is happenin?, why the cops shottin? him?
How does attackin? him, police about to latten him
Burn out the system, I won?t be no victim

Yo, world leaders, deceivers, building coke and crack

For the herb, the vibes got to flow
Ghetto youths know, more love we haffe show
Ghetto youths locks haffe grow ?em
Give ghetto youths dem dirty bungle, shout 'no'

This is how we make music for them
Babylon fe get a judgement

So me no partial, don?t compromise
Just be martial, who love Selassie I?
We burn the bad mind, and don?t apologize
Stop fight ?gainst the youths, dem a strive
