Oh, Kush, love  
Hey, who that?  
Who that in the... ?  
Kush she smoking, Kush she painting  
Bitches where you be at?  
Some people don't believe that  
Well, fuck you if you think that  
And if you see my bitches they gonna text you if you...  
My money affiliated, my money manipulated  
Cause people infatuated by the shit that I get  
They swear that a nigger made it,  
So bitches made it degrade it  
And niggers always say it, cause the bitches I hate!  
Too cool, so feel the breeze, I sty fly with ease  
Don't tell...  
The two cops I... the two chains I...  
One blunt I'm smoking, and your bitch I fuck on!  
Look, just catch me...  
And you're hating on me now, can't wait 'till you see  
me...  
Cause the bitches I transform, the bitches you paid for  
I'm stacking, yeah I'm stacking, plus I'm progressing  
the bitch more!

Chorus:  
Hey, who that, who that?  
Riding in the city with 'em pretty... smoking...  
I'll be on some devil shit  
I do it for the whole...  
The two cops I... with two chains I...  
Hey, who that, who that?  
Riding in the city with 'em pretty... smoking...  
I'll be on some devil shit  
I do it for the whole...  
You're looking at me now, I can't wait to see you later!

With my back against the wall, I can heat up like a stove  
... watch me blow it out for more!  
Michael Jordan of... niggers know I had 'em...  
And blow me, bitch, what you say can't...  
Cush got my eyes...

... if you smoke that... then we just call...  
I spit dope Scriptures  
Smoke...  
Fifty inch... big picture  
Life is what you make it and you  
And you bought that shit you're talking about  
Till you see I'm... and you wanna say...  
Chilling with the Cush club, I know you niggers feeling  
this  
When I'm on the microphone, I'm danger like some  
syphilis.  
I'm here to stay, I ain't leaving like my pop did  
I'm cool now, but went through a lot of bullshit  
This ain't the... my nigger...  
Mother knows I smoke trees, and still she can't believe  
that

Chorus:

Hey, who that, who that?  
Riding in the city with 'em pretty... smoking...  
I'll be on some devil shit  
I do it for the whole...  
The two cops I... with two chains I...  
Hey, who that, who that?  
Riding in the city with 'em pretty... smoking...  
I'll be on some devil shit  
I do it for the whole...  
You're looking at me now, I can't wait to see you later!
