#### The Film Of Eternity

The Director says action, as the story begins  
It's a Rockefeller setting with a surrealistic lens  
Emerson and Poe are working on the script  
As Francis Scott Key writes the score from a ship.  
Eastwood stands alone with a gun on the plains  
As vicarious cowboys are feeling so mundane  
Dylan weaves a tale about truth in the street  
And Marco Polo rides toward Kubla Khan's retreat.

#### Chorus:

What will your role be in The Film Of Eternity?  
Will you change lives in the way you are perceived?  
Will your part be something in which you do believe?  
What will your role be in The Film Of Eternity?  
In The Film Of Eternity?

Tears wet the pillows of the hungry child each night  
As lives of the rich and famous are callused to their  
plight  
Morality slips away one step at a time  
It's easier to swallow and to justify the crime.  
The Holy Spirit hangs out, listening everywhere  
As few seem to notice, few seem to care  
Idolatry's deception hides in selfishness  
As Solomon points out that it's all meaningless

#### Repeat Chorus:

The Search party hunts for Sir Walter Raleigh  
and the missing settlers from the Lost Colony  
Dorothy tells the Tin Man to look at the audience  
It's filled with tearful eyes of lost innocence  
Socrates' death opened up Plato's eyes  
that leaders are so often not the most wise.  
From givers and takers there's doers and don'ts  
that make or break the moments that hinge all their  
hopes.
