You say honey, sweet baby  
You got it down, I could back all in this love  
And you say honey, lovely lady  
Oh, you make it sound like you done this here before  
Well I gotta, I gotta admit  
I was a little bit curious  
I got my nails shampooed  
I thought you do it serious

And I knew it from the get go  
I knew it from the get go  
Even know you was all alone  
I couldn't call you an angel, no  
I knew it from the get go

Girl you keep test me, in your linking  
Now that alone is enough to sniff you out  
You don't bother asking  
What I'm thinking, oh  
Now that alone is enough to talk about  
Well I gotta, I gotta admit  
I was a little bit curious  
My premonition proves  
That what you do is serious

And I knew it from the get go  
I knew it from the get go  
Even though you was all alone  
I couldn't call you an angel, no  
I knew it from the get go

You say it up girl cut  
You told the guys we fucked  
But it's not your fault  
Cause I've been ...my own salt  
You say it up girl cut  
You told the guys we fucked  
But it's not your fault  
Cause I've been ...my own salt

And I knew it from the get go

I knew it from the get go  
Even though you was all alone  
I couldn't call you an angel, no  
I knew it from the get go
