There was a time you used to call my name,
There was a time you'd follow through.
Now you're in a different place, oh something's
changed.
And I am a different person too.

(Chorus)

So we
Live on, live on,
With fewer words to say,
We live on, live on,
And let the memories fade,
We live on, live on,
But please tell me why someday,
Why we live on, live on
This way.

I had my fingers crossed you'd come around,
And we'd write more stories to be told.
We'd go back to those days when we were bound,
It's sad to say you never showed, no,

(Repeat Chorus)

(Bridge)

Well I hope you love,
And I hope you laugh,
Do what makes you happy,
And makes you glad,
Hope you find what you're looking for, that golden
place,

No I'm not trying to dwell,
I'm not trying to preach,
But you know what really gets to me,
Is years from now I'll still be wondering, why...

(Repeat Chorus)

Why we live on, live on
Why we live on, live on,
Why we live on, live on

This way,
This way,
This way,
This way.
