I stepped out into the street,  
And my feet slipped out from under me.  
I thought that it was a dream,  
So I took a deep breath and counted to three.  
City dirt is all over me,  
I tore a hole in my brand new jeans,  
So I went ahead and ripped the right knee,  
And I strutted my stuff,  
And rocked them things like that™ s how they were  
meant to be.

(Chorus)

I,  
I might trip and stumble but,  
That ain™ t gonna keep me from,  
Keep me from getting up  
I,  
I might lose my stance  
but that™ s my chance,  
To make it part, part of my dance  
Part of my dance, dance, dance

I kept a move past Pier 62,  
You were the only one in my view,  
On the dock everyday with your crew,  
Oooh, you™ re the finest thing I ever knew.  
I saw you look and my heart almost flew.  
You waved and smiled, and I waved back at you.  
Then the corner barista girl, she waved too,  
So I ran my fingers through my hair,  
And I played it cool

(Chorus)

I,  
I might trip and stumble but,  
That ain™ t gonna keep me from,  
Keep me from getting up  
I,  
I might lose my stance  
but that™ s my chance,  
To make it part,

(Bridge)

And I know,

No one wants to make mistakes

And some of us can't seem to get it right.

But I know,

We all gonna have our days

And if it isn't mine I'll still be looking for that  
light

(I'll still be looking for that light if I don't get it right)

(Repeat Chorus)

Oh you gotta make it part,

Part of my dance,

Hoo, that's what I say hey,

I'm gonna make it,

yeah yeah yeah,

To make it part, part of my dance
