Well I met Jesus in a bar ditch  
Behind the wheel of my '87 Ford  
And I met the devil at the bottom of a bottle  
And it scared my ass straight to the Lord  
(X2)

I did not see no burning bush  
Just a Hayes County road sign  
When I turned my head to look,  
I could not keep it between the lines

But I met Jesus in a bar ditch  
Behind the wheel of my' 87 ford  
I met the devil at the bottom of a bottle  
And it scared my ass straight to the Lord

I'd spent most all night hanging out with my so-called  
friends  
But now I'm indisposed  
And I'm hitchhiking down this road  
Praying "Lord, I ain't ever gonna do that again"

Well I met Jesus in a bar ditch  
Behind the wheel of my '87 Ford  
I met the devil at the bottom of a bottle  
And it scared my ass straight to the Lord  
(X3)

Yes, he scared my ass straight to the Lord  
I said he scared my ass straight to the Lord.
