Does anybody want to talk me?
Cause I don't wanna talk to anyone
She left me live, lost and incomplete
She left me for dead instead of young

And I don't wanna trust the seasons
To pull me through this time
No, I don't wanna know the reasons
As long as the pain still rhymes

Yeah but who's gonna love me now
Now that the light in my eyes is gone
I lost every thing, every thing I ever wanted somehow
It was all for the sake of the song

Does anybody wanna know the ghost in my dreams?
Cause nobody wants to know the nightmares in my
head
They can pray the Lord my soul to keep
Before they lay me down to rest

It took me twenty-three years just to learn how to say
I figured out all of my fears and it's all gonna be okay

Yeah but who's gonna love me now
Now that the light in my eyes is gone
I lost every thing, every thing I ever wanted somehow
And it was all for the sake of the song
Yeah, it was all for the sake of the song

There are these things that I can't figure out
Certain things that I know nothing about
This whole 'love and learn' thing
This whole 'laugh till you cry' thing
This whole 'Live your life' thing
This whole 'write what you mean, shut up and sing'
thing
This 'who's gonna love me now'
The things I know nothing about
Who's gonna love me now, things I know nothing about
Who's gonna love me now

Yeah but who's gonna love me now
Now that the light in my eyes is gone
I lost every thing, every thing I ever wanted somehow
It was all for the sake of the song
It was all for the sake of the song
