Sun coming up and I'm coming in  
It's 6am, she don't give damn for me  
It's all bullet wounds and bubble gum  
Wasted days and oxygen the wrong words always  
come but they're never free  
I must have smoked a whole half pack of cigarettes  
I'm drunk and tired, sick of regret

Cause I got a feeling I can't let go  
So appealing to my senses addicting to my soul  
She's got me really now and I know it don't show  
I need your healing more than I ever have before

The world is ugly, less than fair  
You're more than lovely, I'm more than scared  
Broken hearted but it's my scene, every time I fall in  
love  
Aint love a funny thing.

I'm stuck here behind the wheel trying to fight these  
dirty things I feel  
I'm talking now to the late night radio  
Baby, I turn it up and I try and drown the faded love  
through country sounds  
I love the way I hate to see you go.

This house now is empty, you know my heart is vain  
If it's all for not. You're not the one to blame

Cause I got a feeling I can't let go  
So appealing to my senses, addicting to my soul  
She's got me really now and I know it don't show  
I got a feeling I can't let go  
So appealing to my senses, addicting to my soul  
She's got me really now and I know it don't show  
I need your healing more than I ever have before

The world is ugly, less than fair  
You're more than lovely, I'm more than scared  
Broken hearted it's just my scene  
Every time you come around, aint love a funny thing.

Funny thing, aint love a funny thing
