Somebody save me
From everything I've found
I will not say a thing
I will not make a sound

Cause you clipped my wings
You left me on the ground
And now I wear these broken dreams
Just like a crown

Chorus:
And I've been staring at the ceiling
All damn day
Just waiting for this feeling
To go away
Hearing voices in my head
That sound like everything she said
Well I got company, south of sanity

There's holes in my soles
And blood on my feet
And I get it in my mouth
Every time I speak

And it's a long way to innocence
From the back of my mind
But I'm gonna drown my sins
And anything else I find
In a bottle of wine

Chorus

Yes I know it's getting late
But I just couldn't sleep
I was lying here awake
Wondering what you think of me

It's these days when I'm slipping in between
My imagination my memories
My memories and dreams

Chorus
