The morning sun shines so bright in my eyes
Cause I stayed up late again last night
No I wasn't drinking, smoking or carrying on
I was just playing my guitar singing sad and lonely
songs

Well I played the fool again
As long as I'm led by my heart I guess I'll never win
But I know it'll be alright
I just don't know if I can take another lonely night

Chorus:
And all my friends they're worried
Cause they say I'm acting strange
They all say there must be some screws loose
Deep inside my brain
But I know I'll be alright
Cause all I need is time
And I aint going crazy
It's just my state of mind

That union pacific
Sounds off as it rolls on through town
And from where I sit in the dark
It's a cold and lonesome sound

It's cold and grey
I been here all day
I've spent way to much time in this place
And the pictures on the wall
They don't say too much at all
They keep the same sad looks on their face

Chorus

And I don't know why
Things turned out like this
My heart struggles with my brain
It makes no sense, it makes no sense

Chorus
