I took the short way home for the first time today  
I didn't drink a drop until 7 o'clock when I got the  
shakes  
I didn't ask God to put you back in my arms  
I've given up on wonder dust, foolish pride and lucky  
charms

Oh I'm still in love  
Even after every thing I know  
Yes I'm still, I'm still in love  
I can't let go  
Cause I've got poison underneath my skin and bones

Jenny had a baby  
You know I didn't even know  
Ain't seen that girl in about a year or so  
She came out Tuesday, she sang along  
She bought the band a round because we played her  
favorite song  
She just wanted to see one last show  
But she didn't wanna cheat so she had to go

And I'm still in love  
Even after everything I know  
Yes, I'm still, oh I'm still in love  
I can't let go  
Cause I got poison underneath my skin and bones

My heart is heavy if my head is light  
I'm dragging ball and chain as I walk the floor  
I've got cobwebs and clouds gathering 'round my head  
tonight  
But if love is rain then let it pour  
I don't think I can take it anymore

I'm still in love,  
Even after every thing I know  
Yes, I'm still, I'm still in love  
Even after everything I know  
Yes, I'm still, Oh, I'm still in love  
I can't let go

Cause I got poison underneath my skin and bones,  
underneath my skin and bones
