Here she comes in the door
You know I've seen that look before
Like her "good enough" is always too good for me
I was here on the stage, where I could not escape her
gaze
She always turned me on; she brought me to my knees

I won't feel better, not this time
If she breaks my heart again
Sending love down the telephone line, it's a game I just
can't win
I won't feel better, she gets me down
I'm 6 ft deep in the ground but I'm gonna let her
I'm going to let her, this time I won't feel better

No my girl has it been two years since I've been hating
this fool in the mirror
Since I got your shit between my ears, it's been nothing
but bad news
I did some things, I'm not proud
I came home drunk, I came home loud
And it seems like every time that I did I was thinking of
you

I won't feel better, not this time
If she breaks my heart again
Sending love down the telephone line, it's a game I just
can't win
I won't feel better, she gets me down
I'll be 6 feet deep in the ground but I'm gonna let her
I'm going to let her, this time I won't feel better

You know that your driving me crazy
But darling could you please explain
Are you here tonight to save me or play me?
Are you the victim again?

I won't feel better, not this time
If she breaks my heart again
Sending love down the telephone line, it's a game I just
can't win

I won't feel better, she gets me down
I'll be 6 feet deep in the ground and I'm gonna let her
I'm going to let her, this time I won't feel better.
