Don't she know me and you got a good thang,
She just hatin' on you hommie,
But it ain't my fault she sittin' at home lonley,
Baby girl no it ain't,

You need to just tell your girl friend,
(We just tried to hit it on)
You need to just tell your girl friend,
(She need to leave us alone babe)
Just tellleleleler, (Tell her babe)

She poppin' up at the club,
She answer the phone like she ain't got her own life,
Tell your girl that you ain't with it,
(U ain't with it no)
Check your girl before she get it yeahh,
I guarantee that this thang ain't goin' that way you want
it to,
If it keeps on bein' her me and you, yeah yeah

You need to just tell your girl friend,
(She needs to get her own man own man yeah)
You need to just tell your girl friend,
