Verse 1:

Now in life im just tryin to expand my horizons
tryin to make it to the top like a mountain climber
you can hate me now, but bet yall love me later
cause once i make it to the top then you'll see whos
greater
how can you down on your own kind knowin he'z real
how can you even down on me not knowin the deal
I explain myself many timez i live in the streets
now im hustlin with these raps so my family can eat
movin from state to state and house to house
momz workin hard for rent so they dont kick us out
it seems yall live to good to imagine my strugglez
imagine my troublez
bet yall wishin my life goin to go crumble
but i still stay humble
and try to rize above water
and build a community so we can raise our son and
daughters
a life is important
seein my people poor is my motive
so whateva i do in life im a finish what i started

Chorus:

sing: Midnight Bluez
rap: when the clock strikes 12 then i feel im in hell
sing: Midnight Bluez
rap: have to overcome these stages in life by any
means necessary
sing: Midnight Bluez
rap: when im feelin down and out who is there for me
sing: Midnight Bluez
rap: when im gone layin 6 feet deep

Verse 2:

I got shot 1 time but i guess i was lucky
out of 20 bullets flamin to my dome one touch me
no matter where you are in this world its cruel

try to get an education while kids shootin up schools
there no runnin and hidin
so we learn to survive
its like playin russian rulet in this game of life
you win or you loose
depends on the life that you choose
depends on you its your choice of you play by the rules
i spit bars of steel with lyrics
real explicit
my mill ticket to get up out this bitch
they say my style is weak
as if i wont grow
but i still put it down at 19 years old
respected and earned it
so you bustaz dont know shit
im grindin while you hidin in the dark yappin yo lip
smackin you bitch
makin you notice real game
say what you want but me im a always be the same
Midnight BLuez

Chorus:

Talk: Its about time for everybody to open there minds
up and take a look at the game
stratagize a plan for us all to make it
you know what im sayin
only the real muthafuckaz can feel me on this one, i tell
you that
we all need to be UNITED as one to make something
big happen in this industry
SO THINK ABOUT IT...
im out this bitch dawg.....
