Hey, little dreamer's eyes open and staring up at me

Only two lonely eyes, O, and radiant

Wait until I come, and I will steal you

Wait until I come; I'll take your soul

Wait until I come, and I will steal you

Wait until I come, and I will go.

O and dreamin' in the night

Shadows on the windows lead to whatever and

O you'll lead me on the night

I wouldn't be lying; I will not relinquish life.

O, little dreamer, eyes open and waving . . . hee!

Wait until I come and see 'em with you

[Take a good look, mama, gonna see me with you

Take a good look, mama, well I tell you, well my mama  
said, \"Lie!\"]

We will leave it all behind

O what in the nightmares, I'll fill them in with charm

And they will siege you mind

And no lying and you may well ask

\"Why does it run around here?\"

\"Why does it come inside me?\"

\ "Why does it rip me off the tree?\ "

Why then, why then, watch this little fuck!

Going away

Why this lonely, why this lonely, why this lonely love?

Why this lonely, why this lonely, why this lonely love?

Halloween, carry on, bury on, bury on, bury on, bury on,  
bury on

And let them see, but tell us, are you satisfied with  
fucking?

Don't walk away, don't walk away

Don't walk away, I'm talking to you.

Lovey don't

Lovey dove

Lovey dove

Love is a pain now

Love

Love

Love

Love is a reason

Love

Love

Love

Love him--up to you, Aaach!
