Title: Escalator Music Pt 2 (feat. LiL Mz. Clover)

Okay feve just told me to kill it so

2x

Your bitch lift her boots and shake her booty to this

Your bitch lift her boots and shake her booty to this

Its that escalator music

Its that escalator music

Yeah, what, yeah, yeah

Yeah I'm right behind the spot chillin' in the parking lot

Shorty wop untie the knot and blow my cock like lollipop

Her tops going aerial she screaming past the stereo

Left her speechless all I hear from hers incredible

Your man he a fucking lame never bring up my name

You know I'd crack his head and rock his nose off like cocaine

Candy casher the panty smasher the debt dealer

Carry your girl out with one hand like I'm godzilla

From all the rapping shit big checks smashing it

Daddy go to work for it don't make me have to slap a bitch

Toss a couple duckets if you fucking with them racks

Nothing less than hundreds if you fucking with them stacks

Lil mama speak them facts tell them bitches that they're whack

All my bitches laugh at you cause they always have my back

Step it up or step it off yeah that's my attitude

Cry about your problems it aint sad how I laugh at you

4x

Your bitch lift her boots and shake her booty to this

Your bitch lift her boots and shake her booty to this

Its that escalator music

Its that escalator music

I need to get top in a topless whip from a topless bitch
I'd hit you with the toilet if you talking shit
No introduction cause you know I got skills man
Fuck your bitch missionary style on the kill cam
Feet on an ottoman the candys in a dish
Hand tying up her skirt got her panties on my wrist
Won't let you owe me a grip that shit aint funny
Cock to your honey while she hand me the rent money
Big booty big boobs big thighs and big hips
With a big smile perfect match for this big dick
Marijuana and some hennessey so she smelling me
I hit it so hard from the back I caught a felony
Hard to keep it cool under pressure cause I'm hot
headed
Come to my hood I'll make sure you're all deaded
Might be the man but I never took it serious
Say you know me not knowing I'm here that's hilarious

4x

Your bitch lift her boots and shake her booty to this
Your bitch lift her boots and shake her booty to this
Its that escalator music
Its that escalator music
