Title: Three Count (feat. Don Nocera)

You're a distraction
My satisfaction
Come out of pleasing you
I give you that gangsta love
My physique is tough
From everything that I been through
I'ma take you around
To where I'm from
Wh-wh-where I'm at
And I'm take you away
To a place that
You aint found on the map girl

So you want me to drop in
Like right here?
Okay

So shorty back it up show me what your shake about
Put that twist in your hips run my fingers on your mouth
Round one one hit get it in knock you out
Round two you submit round three the three count
Make the thang bounce as we blaze every ounce
Put some short shorts on I'm on my way to the house
Speaking low with my ears with her hand stretched
down
Asking bout my day I robbed the bank and just
bounced
Swag so murderous nice guy persona
Body language telling me to come a little closer
Undo her bra while I kiss her on the shoulder
And hit it on the roof while her titties hanging over
It's Clover

You're a distraction
My satisfaction
Come out of pleasing you
I give you that gangsta love

My physique is tough
From everything that I been through
I'ma take you around
To where I'm from
Wh-wh-where I'm at
And I'm take you away
To a place that
You aint found on the map girl

I'ma show you around you're safe with me
Like secrets I would hustle
You aint gotta play de-
-fensive I'm very comprehensive
With feelings no need for the past in tenses
He was this and he was that
Baby I'm the shit and he was gassed
Lets ride this out and see how long it lasts
I'd do anything to help you through your past
And at that I aint gonna let you down
So lets vibe together to lifes melody now
Uhh

2x
You're a distraction
My satisfaction
Come out of pleasing you
I give you that gangsta love
My physique is tough
From everything that I been through
I'ma take you around
To where I'm from
Wh-wh-where I'm at
And I'm take you away
To a place that
You aint found on the map girl

So shorty back it up show me what your shake about
Put that twist in your hips run my fingers on your mouth
Round one, one hit get it in knock you out
Round two you submit round three the three count

You're a distraction
My satisfaction
Come out of pleasing you
I give you that gangsta love
My physique is tough
From everything that I been through
I'ma take you around
To where I'm from
Wh-wh-where I'm at
And I'm take you away

To a place that
You aint found on the map girl
