They fill the air with ease
From the back of the throat
And through the teeth
It's all in the way you place each phrase
Do it delicately and watch the pace

I've never been cut so deep
No, you weren't ever there to save me
This could have lasted forever
You won't find better, no, no
Now that I'm, now that I'm
N-n-n-now that I'm gone, gone, gone

I dare you to move on, on, on
This could have lasted forever
You won't find better, no, no
Now that I'm, now that I'm
N-n-n-now that I'm gone

When all the smoke clears
There no be anything laft
Call it what you want
This is the last line you'll cross

You're only as sick as your secrets
It's all in the way you place each phrase
Do it delicately and watch the fucking pace

I've never been cut so deep
No, you weren't ever there to save me
This could have lasted forever
You won't find better, no, no
Now that I'm, now that I'm
N-n-n-now that I'm gone, gone, gone

I dare you to move on, on, on
This could have lasted forever
You won't find better, no, no
Now that I'm, now that I'm
N-n-n-now that I'm gone

Is this what you wanted?
Look how you ended up
