Well it's high noon at the U.K corral and it's high time I
got myself back on the rails
I'm the lonesome cowboy, ridin' across the range with
just a hand held radio to keep me sane
Ridin' through the FM stations, the tumbleweed, the
petrol stations
Will all on board this Yankee station prepare
themselves for battle stations
Jesus wept, Jesus Christ, I can't see for the tear gas and
the dollar signs in my eyes
Well, what's a man got left to fight for when he's
bought his freedom?
By the look of this human jungle it ain't just the poor
who'll be bleeding

Most everyone 'round here thinks they're something
special, the destiny will be kind
While they're digging for gold, diving for pearls and
aiming for heaven from this man made world, well
Come on down the devil's in town, he's brought you
sticks and stones to bust your neighbours bones
He's stuck his missiles in your gardens and his theories
down your throat
And god knows what you're gonna do with him cos I
certainly don't
Jesus wept, Jesus Christ, I can't see for the tear gas and
the dollar signs in my eyes
Well, what's a man got left to fight for when he's
bought his freedom?
By the look of this human jungle it ain't just the poor
who'll be bleeding
Down by the river, I've been washing out my mouth
Cos deep in the heart of me there's a frightened man
breaking out
Oh I was just looking for paradise anywhere in this
world
While they're gunning for heaven from this man made
hell

Well, oh, well, oh, well, oh, well, oh, well, oh, well, oh,
well, oh

God knows (Well) because (Oh) they don't (Well)
Come on down (Oh) the Devil's in town (Well, oh, yeah)
(Well) The angel (Oh), angels of destruction (Yeah)
(Well) Angels (Oh), angels of destruction (Yeah)
(Well) Angels (Oh), the angels of destruction (Yeah)
(Well) The angels (Oh), angel of destruction (Yeah)
(Well, oh) Angel of destruction (Yeah)
(Well) Angel (Oh), angel of destruction (Yeah)
(Well) Angel (Oh), the angel of deception
