Mobilise
Globalise
Hypnotise
Homogenise
Shut your eyes
Don't criticise
It's a big surprise
Ain't telling ya lies
Truth hides in plain sight
Kentucky Fried Genocide

Bruised
Screwed
Pickled &
Tattooed
Tried to resist
But destined to lose
Nobody listens
But it's breaking down the door
Only the paranoid really know the score

Mobilise
Globalise
Hypnotise
Homogenise

Market Force is the new dictator
Manipulator & annihilator
Mobilise, globalise
Hypnotise, homogenise
Shut your eyes, don't criticise
It's a big surprise
Ain't telling ya lies
Truth hides in plain sight
Kentucky Fried Genocide
