I've been watching you for ages  
You're like a boat without a mast  
Struggling with the tide of destiny  
Between the future and the past

I am the lighthouse  
I am the sea  
I am the air that you breathe  
Gravitate to me

Through the ether  
And the mists of the mind  
You will come to me  
To lay by my side  
To stroke my hair  
To cuddle my flesh  
And to quell the torrents  
In my subterranean depths

This world ain't strong enough  
To keep us from each other  
For we are kindred spirits  
Born to become Earthly lovers

I am the lighthouse  
I am the sea  
I am your destiny  
Gravitate to me

There is something within your voice  
Something behind your eyes  
Something inside your heart  
That is beating in time with mine

I know you  
From a previous incarnation  
I know you  
From a previous incarnation  
I know you!  
From a previous incarnation

Gravitate to me, gravitate to me  
Gravitate to me, gravitate to me
