Hey brother won't you please open up your heart for  
me now  
And sister the best dreams to dream are still for free  
No more dead time with you on my mind with you by  
my side  
Our hungry hearts and this old world's about to collide  
Let it begin tonight we'll win, let it begin tonight we'll  
win  
Let's all share our dreams, all share our dreams, let's  
all share our dreams under a communist moon  
All share our dreams, let's all share our dreams, all  
share our dreams under a communist moon  
Hey sister I'm counting the minutes until you're here  
with me yeah  
And brother if you want to join in please feel free  
It comes everywhere it comes all at once below and  
above  
From desperate times comes radical minds living  
armed love  
Let's all share our dreams, all share our dreams, let's  
all share our dreams under a communist moon  
All share our dreams, let's all share our dreams, all  
share our dreams under a communist moon  
Let's all share our dreams, all share our dreams, let's  
all share our dreams under a communist moon  
All share our dreams, let's all share our dreams, all  
share our dreams  
We find hope in our hands, it'll see us through the night  
And all of our dreams and all our plans will come alive  
tonight, will come alive tonight  
Let it begin tonight we'll win, let it begin tonight we'll  
win  
Let's all share our dreams, all share our dreams, let's  
all share our dreams under a communist moon  
All share our dreams, let's all share our dreams, all  
share our dreams under a communist moon  
The moon up above will show you the love to see us  
through the night, see us through the night  
Let's all share our dreams, all share our dreams, let's  
all share our dreams under a communist moon  
All share our dreams, let's all share our dreams, all

share our dreams under a communist moon...
