I don't want your sympathy for this life
That's been given to me. You only showed
Me how to live with the one's that leave.

And with my pride is all that you left me.
I will survive (be)cause I am not you.

Time after time, just know that I was the one who stood
by you and in the
End, remember you were the one who fucking left me.

So once again I'll be the one here with my heart in my
hand. I know I said
That I would forget, but you're forever in the back of
my head.

Is this all we'll ever know? I would give anything.
(Be)cause I can't face this on my own.
These broken hands made broken things. Lost and
alone.

You buried me, with what you couldn't be.
Am I a symbol of all the things you never wanted to
see?
You took life for granted.
I hope you choke on every promise you made.

All your words lack of their meaning, yet you never
thought you'd lose it all.
You claimed you changed with the seasons, but you
never made it past the fall.

Is this all we'll ever know? I would give anything.
(Be)cause I can't face this on my own.
These broken hands made broken things.
Lost and alone.

So mark my grave unknown!

It's said to live life with a heart of gold, but a heart of
stone is all I

Really have to show.
And if I'm not the only one in this world, then tell me
why do I feel so
Damn alone?
