Anything goes when anything's free  
You got something to lose child lose it on me  
Soul vibrations in the neon light  
Still burning from the city lights  
What the hell is wrong with you  
I did it everyway that you wanted me to  
With a lifetime and a little luck  
Gonna show you how to love,  
Show you how to...  
You got a bad religion  
And it's bringing you down  
Love is hard to find  
When there ain't no love around  
Chorus  
Well it ain't no sin  
Sin against the light  
Well it ain't no sin  
Sin against the light  
She's my first, last and always child  
Can't keep her down unless she's tired  
Turn on the lizard king  
Shut the doors in your head  
You wanna crucify me for the love I've bled  
Take it down easy  
Take it down slow  
And try to understand  
That deep inside your soul  
Chorus  
Whisky bottles and razor blades  
Lust for life starts to fade  
Ain't breakin' no laws just breakin' on through  
That sweet disease got a hold on you  
Anything goes when anything's free  
You got something to lose child lose it on me  
Shout at the red eyed sky above  
Love is the law and the law is love  
You got a bad religion  
And it's bringing you down  
Love is hard to find  
When there ain't no love around  
Take it down easy

Take it down slow  
And try to understand  
That deep inside your soul  
Chorus
