Don't give it all away
Don't give it all away
I tried to save myself
But you wrote me of anyway
When will I feel like I wanted to
What in the world has come over you
Whait in the world are we going to do
(Chorus)
Nothing left to say
Nothing left to use
Nothing left to give
Nothing left
Nothing left to prove
This only gives me frustration
I pile it in my mind
I almost had a weakness
And you almost made me smile
It's just a smalltown life sentence
And I tried to drown it out, you're taking this the wrong
way
And you think that it's allright
(Chorus)
I left this place the way I found it
Everything the same
When I was young I didn't know what I wanted
It's nice to know I haven't changed
Don't give it all away
(Chorus)
