I've taken all I can from the skies up above
I don't believe in God but I do believe in love
Don't tell me how to do it 'cos I don't need that shit
I've found something new and I'm ***in' lovin' it
All the things I wanted I never could get
They're a little closer now but they're not mine yet
I'm on a jungle train to paradise
I want it all baby not those God damned lies
Drive me ***in' crazy, won't you take me high
C'mon honey and show me something
Wild, wild and wonderful
Wild, wild and wonderful
I feel alright I got those good times blues
I ain't no fool won't stand for no rules
Baby let me show you something
Something that I learned, I learned out of school
Drive me ***in' crazy won't you take me high
C'mon honey and show me something
Wild, wild and wonderful
Wild, wild and wonderful
Why do I feel this way
Sometimes I feel so alone
I've learned how to love and hate
But I've got somethin' I won't let go
No No No
Late at night when I'm lying in a haze
I think about her and all the things that she says
I think about *** you know it's on my mind
Give me some lovin' my sweet honey child
C'mon give me some lovin'
Wild, wild and wonderful
Wild, wild and wonderful
