It didn't take you very long to get to me  
You must have seen me sittin' on the shelf  
You reached for me and touched me oh so tenderly  
Then you took me down and kept me for yourself.

Now I'm all wrapped up in the arms of your love sweet  
love  
All wrapped up in the arms of your love sweet love  
To know the thrill of your embrace is everything that I  
ever dreamed heaven was  
I'm all wrapped in the arms of your love.

I'm all wrapped (all wrapped up) in the arms of your  
love sweet love  
All wrapped up (all wrapped up) in the arms of your  
love sweet love  
To know the thrill of your embrace is everything that I  
ever dreamed heaven was  
Yes I'm all wrapped (all wrapped up) in the arms of  
your love  
(Arms of your love...)
