(Skeeter Davis)

Without you my life is so empty
I'm sad and I'm blue as can be
Just a little sad girl in a big lonely world
Without you there's no love for me.

Baby, sweet baby, I love you so
Oh, why did you go
Baby, sweet baby, baby
Please come back to me.

--- Instrumental ---

We had a quarrel and you left me
And I've cried ever since you've been gone
Come on home like you should and I'll love you so good
For without you I just can't go on.

Baby, sweet baby, I love you so
Oh, why did you go
Baby, sweet baby, baby
Please come back to me...
