Bows and flows of angel hair  
And ice cream castles in the air  
And feathered canyons everywhere  
I'd look at clouds that way

But now they only block the sun  
They rain and snow on everyone  
So many things I would have done  
The clouds got in my way

I'd look at clouds from both sides  
Now from up and down and still somehow  
It's cloud delusion I recall  
I really don't know cloud at all

Moons and Junes and fairy squeals  
The dizzi dancing way you feel  
Is every fairytale complete  
I'd look at love that way

But now it's just another show  
We've been laughin' when you go  
And if you care, don't let them know  
Don't give yourself away  
I'd look at love

Tears and fears and feeling proud  
Say I love you right out loud  
Dreams and schemes and circus crowds  
I'd look at love that way

But now old friends are acting strange  
They shake their heads, they say I'd change  
But something's lost and something's gained  
In living every day  
I'd look at love
