Lately most every evenin' you kiss me when you leave
an'

And say your work has got behind

Well I'm tired of stay in home an' waitin' for you alone
an'

Somewhere we've got to draw the line

I'm not accusin' you an' what kinda work you're doin'

But when it comes to love that's mine.

Bring it on home bring it on home bring it on home

Bring it on home bring it on home

Ain't had no love since you've been gone

Bring it on home bring it on home bring it on home

Bring it on home bring it on home.

Night after night you walk in too tired for even talkin'

And that's all I get to see of you

But honey I'm a woman you're needed here at home
an'

You've got to do your homework too

So when a little lovin' it's what you're thinkin' of an'

Maybe you know just what to do.

Bring it on home bring it on home bring it on home

Bring it on home bring it on home

Ain't had no love since you've been gone

Bring it on home bring it on home bring it on home

Bring it on home bring it on home.

I need your sweet love I need your tender love

Oh baby won't you bring it won't you bring it on home...
