I was born a country girl I will die a country girl
My world is made of blue skies and sunshine
greenfields and butterflies
I'm so glad I'm a country girl
Birds sing good morning country girl I sleep to the
sounds of a whippoorwill
My day is made with puppies and kittens meadows and
daisies
I'm so glad I'm a country girl

Running over hills playing in the woods free breezes
blowing
Honeybees warming blackbirds a flying wonder
where they're going
Picking stick-me-tights off my gain and dress darkness
is falling
Fire wood to carry eggs to gathering supper's ready
mother's calling
I was born a country girl I will die a country girl
My world is made of blue skies and sunshine
greenfields and butterflies
I'm so glad I'm a country girl I'm so happy I'm a country
girl
