(Barry Gibb - Maurice Gibb)

Don't forget to remember me and the love that used to
be

I still remember you I love you

In my heart there's a memory as true as stars above

Don't forget to remember me my love.

Oh my heart won't believe that you have left me

Though I keep telling myself that it's true

I can get over anything you've done my love

But I can't get myself over you.

Don't forget to remember me and the love that used to
be

I still remember you I love you

In my heart there's a memory as true as stars above

Don't forget to remember me my love...
