I know I never felt this way before
I can't remember everyone and anyone more

How can you turn me down
When I need you the way that I do?
Come on baby let me get close to you, oh you won't be
sorry

I'll do anything that you ask of me
I'll be the kind of girl you want me to be

So won't you let me be the someone
You tell your troubles to?
Come on baby let me get close to you

I know I'll never know I waited to tell you that I love you
so
Now I have finally said it come on baby don't make
regret it

It's not as if I'm asking for the world
All I want is just a chance to be your girl

So won't you find it in your heart
And make all my dreams come true?
Come on baby let me get close to you

Please find it in your heart
And make all my dreams come true
Come on baby let me get close to you

I wanna be close to you
Real close to you
Let me get close to you
