Let those brown eyes smile at me dear
That's what I wish with all my soul
Let those brown eyes smile at me dear
And turn my blue moon back to gold.

Well we've been sweethearts so long darling
But now you're growing tired of me
The last time that I saw you darling
Those brown eyes didn't smile at me.

Let those brown eyes smile at me dear
That's what I wish with all my soul
Let those brown eyes smile at me dear
And turn my blue moon back to gold.

--- Instrumental ---

Today my heart is sad and weary
I want a love that cannot be
The only time I'm really happy
Is when those brown eyes smile at me.

Let those brown eyes smile at me dear
That's what I wish with all my soul
Let those brown eyes smile at me dear
And turn my blue moon back to gold.

--- Instrumental ---

Let those brown eyes smile at me dear
That's what I wish with all my soul
Let those brown eyes smile at me dear
And turn my blue moon back to gold...
