Now my heart skips a beat when we walk down the street

I feel a trembling in my knees

And just to know you're mine until the end of time

Makes my heart skip a beat.

Well I did double take the day I met you

My heart turned a flip as I stood next to you

And I knew right there I never could forget you

For you are my every dream come true.

And my heart skips a beat when we walk down the street

I feel a trembling in my knees

And just to know you're mine until the end of time

Makes my heart skip a beat.

--- Instrumental ---

You came into my life without a warning

And you turned my cloudy skies from grey to blue

You're my sunshine that comes up every morning

Yes you are my every dream come true.

And my heart skips a beat when we walk down the street

I feel a trembling in my knees

And just to know you're mine until the end of time

Makes my heart skip a beat...
