I'll go out at night to old familiar places
Stop awhile maybe see a friend or two
And your image won't be there if I listened long
enough to you
I'd find the way to believe that it's all true
Knowing that you lied straight faced while I cried
Still I looked to find the reason to believe

Someone like you makes it hard to live without
somebody else
Someone like you makes it easy to give never think of
myself

If I'd gave time to change my mind
I'd find the way to leave the past behind
Knowing that you lied straight faced while I cried
Still I looked to find the reason to believe

[guitar]
If I listened long enough to you...
If I listened long enough to you
I'd find the way to believe that it's all true
Knowing that you lied straight faced while I cried
Still I looked to find the reason to believe

Someone like you makes it hard to live without
somebody else
Someone like you makes it easy to give never think of
myself

If I'd gave time to change my mind
I'd find the way to leave the past behind
Knowing that you lied straight faced while I cried
Still I looked to find the reason to believe

[guitar]
If I listened long enough to you...
n all their faces
I won't fall apart if they should mention you

I won't spend my time forgetting or forgiving

Or lie awake and cry the whole night through
I may even find a reason to be living
Just as soon as I get over loving you

I'll be in another's arms when I awaken
He'll hold me just the way you used to do
I won't think about the one whose place he's taken
Just as soon as I get over loving you
Just as soon as I get over loving you
