(Bernie Miller - Lisa Miller)

Teach me to love you teach me what I ought to know
Show me where my arms should go when you hold me
when you hold me
Teach me to love you I am wearing you at this
Do I close my eyes to kiss, will you teach me, baby,
teach me.

--- Instrumental ---

Teach me to love you you will find me quick to know
Then I'll teach you in return how to love me, how you
love me.

Teach me to love you, teach me what I ought to know
Show me where my arms should go
Teach me to love you, la la la la la la la.

Baby, teach me baby...
