(Cornelius Erasmus)

I love you Timothy, I love you Timothy
I love you Timothy you're just the guy for me
I look into your eyes do I see truth or lies
My heart cries out for love what are you thinkin' of
But baby now you're gone and you say I did wrong
You know that isn't true I have been true to you
Is there another love who are you thinkin' of
Do you still care for me don't hide the truth from me
Timothy fancy free be good to me Timothy.

La la la la la la lala la...

I love you Timothy, I love you Timothy
I love you Timothy you're just the guy for me
I look into your eyes do I see truth or lies
My heart cries out for love what are you thinkin' of
But baby now you're gone and you say I did wrong
You know that isn't true I have been true to you
Is there another love who are you thinkin' of
Do you still care for me don't hide the truth from me
Timothy fancy free be good to me Timothy.

I love you Timothy, I love you Timothy
I love you Timothy you're just the guy for me
I look into your eyes do I see truth or lies
My heart cries out for love what are you thinkin' of
But baby now you're gone and you say I did wrong
