[ Both ]

We said our goodbyes long ago never thinking we'd  
miss each other so

All the memories we can't leave behind oh we must  
have been out of our minds

[ Skeeter ]

I've thought I loved another not you

[ Bobby ]

Oh how foolish I've thought the same too

[ Both ]

They both turned out to be the wrong kinds oh we must  
have been out of our minds

[ piano ]

[ Bobby ]

Let's forgive and forget the past we've known

[ Skeeter ]

We'll reap together all the wild seeds we've sowed

[ Both ]

Surely they can forgive us and find that we must have  
been out of our minds

[ Skeeter ]

Yes I've thought I loved another...

Yes we must have been out of our minds
