Well all right, so I'm being foolish
Well all right, let people know
About the dreams and wishes you wish
And the night when lights are low

Well all right, well all right
We'll live in love with all our might
Well all right, well all right
Our lifetime, love, will be all right

Well all right, so I'm going steady
It's all right when people say
That those foolish kids can't be ready
For the love that comes their way
Well all right, well all right
Well all right, well all right
