[Intro: Cale Sampson] Yeah Cale Sampson DJ Kemo
Sumeet It's my Time y'all Finally [Verse 1: Cale
Sampson] Let me play with the flow, any way that I
know Only way that I'll grow, okay so here we go Cale'll
show, you just how to do it Cue it, as I'm running
through it, the music let's get into it So (So) are you
ready to begin I can take you toward any direction you
point in Let's Go (Go) on a little journey All you Slow
(Pokes), all I hope's that you heard me In a hurry, I'm
learning all the time My rhymes are kind of curvy, they
turn with every line Like this (Listen), sometimes I throw
in a twist With what I hold in my fist, it's so gold you're
willing to risk it This - is Mister Cale Sampson Pale and
he's handsome, singing you an anthem From the get-
go, I felt like it could blow If you're ready for it, I'll serve
it so here you go [Chorus: Sumeet] You know I'm ridin'
for days, give me a beat I'll amaze Ev-er-y-time
(Everytime), yes I get by (I'll get by) And no I can't quit
this fight, until this paper ignites Gotta keep Trying
(Keep Trying), now it's my time (Yes Its My Time) [Verse
2: Cale Sampson] (Here-Here-Here) I come again into
your ear (ear-ear) Run and tell a friend, so they can
cheer (cheer -cheer) I can shift it, to another - gear
Right here, right now, so you better stay - Clear Rappin'
for you, writing magical tunes Since I was a kid, and
that's the truth Cuz' I always put my soul in it That's how
I make the audience say "Holy Shhhh!" This is just a
little bit of what you can imagine If you think about a
flow that people couldn't even fathom So (So), don't
keep it a secret Cale Sampson's coming through your
speakers I'm just trying to make sure you know what
my name is So it stays in your brain till' you play this for
your neighbors All I'm trying to do is keep it moving
everydayyyy Live it till' the Grave, no time to take a
breaaaaaaak [Chorus: Sumeet] [Verse 3: Cale Sampson]
Now I don't think times up, time to rise up So close your
eyes shut, got a surprise (What) Just look (what), this is
what's up next On the cut, (cut), it's too much to catch
(So) Pay attention, I'm assemblin' and I'm blandin' A
new kind of invention with a message that I'm Sennnn-
din' No pretendin', my intention is extendin' Always

stemmin' out ascendin', keep attemptin' to the ennnn-
din' "Holy!" people told me To go for my dream, and
do anything it'll take for glory And that's what I'm a do,
you can Hear -it -loud In everything I do, through my
Lyr-ics-now Listen close, shiftin' flows Hittin' notes, that
you didn't know So get yourself ready for this One
more time, here comes the chorus [Chorus 2X:
Sumeet] [Outro: Cale Sampson] That's right Were just
warming up Cale Sampson Stay Tuned
