It's give or take  
I know it well  
So why do I throw it all away?  
I know I don't  
Give everything  
But I'm telling my side so you understand  
I can see what you are  
I can feel what you are taking over

Taking over

We make mistakes  
We know it well  
Apologies go a long way  
I know I want  
A lot of things  
But I don't need a month or need to stay  
I can see what you are  
I can feel what you are taking over

Sunrise, we won't get lost again  
Sunrise, we won't get lost again  
(In your arms, in your arms I know that)

Sunrise, we won't get lost again  
Sunrise, we won't get lost again  
(In your arms, in your arms I know that)

Taking over

I can feel what you are taking over
